30th August 2023

Guillaume Jarry

guillaume.jarry@etu.minesparis.psl.eu

Dear Mr. Jarry,

I am pleased to offer you a position as a data science intern, effective July 31st 2023, to January 26th, 2024 in the data science group at Acoustic Wells (AW). You will be in charge of developing the signal processing of a well monitoring device, analyzing various data sets and oil fields production data as well as embedding algorithms on the cloud using Python. Acoustic Wells office is located in Greentown Labs, a startup accelerator at 444 Somerville, Somerville, MA, 02143.

In this position, you will report to Charles-Henri Clerget. Your monthly salary (paid monthly) will be \$2,000.00 per month. Benefits are expected to be provided by the student and are not included. You should prepare to work a normal 40h work week.

This offer for your internship is contingent upon the following:

- Obtain legal status of employment in the U.S. Within three (3) business days of employment, you will need to provide original documents that establish identity and employment eligibility.
- Signing an Intellectual Property and Confidential Information Agreement with the Company.

The terms of this offer are valid until April 3rd, 2023. Please indicate your acceptance of this offer by return email and by attaching a signed copy of this letter to Charles-Henri Clerget, at cclerget@acoustic-wells.com.

We look forward to you joining Acoustic Wells as an intern. If you have any further questions regarding your position or duties, feel free to contact Sebastien Mannai at (617) 417-2585 or smannai@acoustic-wells.com.

Sincerely,

Sebastien Mannai
